August 25, 2019

Good evening NGA Parents,

We would like to thank you for a great start of the school year. We are so excited about the learning journey your child will have at Next Generation Academy. As we have added a new grade level to our school, our student enrollment has increased which has presented some unforeseen challenges with our bus routes. I have heard your concerns and we are working very hard to resolve the issue strategically. Hopefully, this week will be better than last week with our bus transportation.

For the next two weeks, we will continue to use the routes that are in place. On September 9th, we will move towards using hubs. The reason for the hubs is so students can get to and from school in a timely manner. We definitely understand your frustration, but please know we are doing what is in the best interest of our students and know that safety comes first.

The hub information will be shared with you in advance so you are prepared to meet at that particular location. I will keep you posted as quickly as possible of any updates on bus transportation.

As we fine tune our transportation process, please continue to bring any concerns or questions to me. I value your input and will certainly take all stakeholder feedback into consideration.

Thank you in advance for your understanding and support,

Sincerely,

Dr. S. Lewis, Principal

Next Generation Academy

“Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.” – Thomas A. Edison
